Employees

Ensure a minimum six feet social distancing between employees.

Department of Health

- Must conduct daily symptom assessments. Anyone experiencing symptoms must stay home.*
- Answer health screening questions at start of work, supervisors should follow procedures based upon answers.
- Wash hands frequently or use alcohol-based hand sanitizer.
- Clean and sanitize high-touch surfaces frequently and at the end of each day.
- Post a list of COVID-19 symptoms in a conspicuous place and ask customers and guests not to enter if symptomatic.
- Businesses must require all employees to wear facial
 - coverings, except for one of the following reasons:
 Facial coverings in the work setting are prohibited by law or regulation.
 - Facial coverings are in violation of documented industry standards.
 - Facial coverings are not advisable for health reasons.
 - Facial coverings are in violation of the business' documented safety policies.
 - Facial coverings are not required when the employee/ volunteer works alone in an assigned work area.
 - There is a functional (practical) reason for an employee/volunteer not to wear a facial covering in the workplace.

(Businesses must provide written justification to local health officials, upon request, explaining why an employee is not required to wear a facial covering in theworkplace. At minimum, facial coverings (masks) should be cloth/fabric and cover an individual's nose, mouth, and chin.)

 Use hand sanitizers in high-contact locations. Customers Ensure a minimum of six feet Face coverings for customers are recommended. social distancing. and Guests Follow directions on social distancing signage and floor markings. Stop at the customer check-point when entering the facility for further direction. · Ensure minimum six feet between people for Physical social distancing. **Spaces** Install barriers at customer facing workstations.
